Agenda Item K. Renewal Application

1. Discovery Plus Academy

MOTION

Peter Bezanson made the following motion: Renewal is based on consideration of academic, fiscal and contractual compliance of the charter holder. In this case, there is a record of academic performance below the Board's level of adequate academic performance, which has been addressed by the charter holder through the inclusion of a performance management plan as part of the renewal application package and can be incorporated in the charter contract. There is also a record of past contractual noncompliance which has been reviewed. With that taken into consideration as well as all information provided to the Board for consideration of this renewal application package and during its discussion with representatives of the charter holder, I move to approve the request for charter renewal and grant a renewal contract to Discovery Plus Academy that incorporates the performance management plan. Ruby Alvarado-Hernandez seconded the motion.

2. E.Q. Scholars, Inc.

3. Global Renaissance Academy of Distinguished Education

4. New West School

MOTION

Janna Day made the following motion: Based upon a review of the information provided by the representatives of the charter holder and the contents of the application package which includes the academic performance, the fiscal compliance, and legal and contractual compliance of the charter holder over the charter term, I move to deny the request for charter renewal and to not grant a renewal contract for E.Q. Scholars, Inc. Specifically, the charter holder, during the term of the contract, failed to meet the obligations of the contract or failed to comply with state law when it: 1. Failed to provide a learning environment to improve pupil achievement in accordance with A.R.S. § 15-181(A).

2. Failed to comply with Generally Accepted Accounting Principles. Peter Bezanson seconded the motion.

Motion passed through majority vote (7-1) (No: Bezanson)

MOTION

Norm Butler made the following motion: Based upon a review of the information provided by the representatives of the charter holder and the contents of the application package which includes the academic performance, the fiscal compliance, and legal and contractual compliance of the charter holder over the charter term, the Board has sufficient basis to deny the request of Omega Schools, Inc. for the renewal of its charter on the following grounds: Failed to provide a learning environment that improves pupil achievement in accordance with A.R.S. §15-181; Failed to comply with fingerprinting requirements in accordance with A.R.S. §15-183.C.5; Failed to obtain the sponsor's approval to amend the contract prior to moving its school locations. All that taken into consideration, the charter holder is attempting to address concerns the Board previously expressed with its current configuration and has demonstrated an interest in consolidating its operations. Therefore, I move to grant a renewal contract that includes the following provisions and is executed within 30 business days of today's date: A performance management plan: The consolidation of the six schools currently operated by Omega Schools, Inc. into one elementary school that serves grades kindergarten through 8th grade and one high school that serves grades 9 through 12, effective July 1, 2012. If Omega Schools, Inc. is unwilling to agree to these provisions and to execute a charter renewal contract within 30 business days of today's date, then it is the Board's decision that Omega Schools, Inc.'s request for renewal of its charter be denied for the reasons already specified. Doug Ducey seconded the motion.

4. Academy Del Sol, Inc.

MOTION

Peter Bezanson made the following motion: I move that we find Academy Del Sol, Inc. is in noncompliance with federal laws and its charter contract for its failure to comply with accounting and reporting requirements for receipt of NCLB, IDEA and ARRA funding and add to the basis of the current 10% withholding Academy Del Sol's monthly State aid apportionment until compliance is demonstrated through the completion of its NCLB Cycle 2 monitoring and the submission of its Continuous Improvement Plan, Elementary Secondary Education Act Plan Assurances, and the outstanding grant completion reports. Furthermore, the information contained in the audit package is one of the primary means the Board has to meet its statutory oversight and administrative responsibilities for the schools it sponsors. The audit submission is a statutory and contractual requirement. Although this is a matter that could be quickly corrected, it is recurring and therefore represents a material breach of the charter contract. Therefore, I move to issue a Notice of Intent to Revoke the charter of Academy Del Sol, Inc. for failing to submit the fiscal year 2011 annual financial statement and compliance audit as required by A.R.S. §15-183(E)(6), A.R.S. §15-914 and the charter contract and failing to comply with the accounting and reporting requirements for receipt of NCLB, IDEA and ARRA funding as required by federal law and the charter contract. I also move to require that: Within 48 hours of receipt of the Notice the charter operator shall notify staff and parents/guardians of registered students of the Notice of Intent to Revoke and the Notice of Hearing and provide a school location where the copy may be reviewed; Within 20 days of receipt of the Notice the charter operator shall provide copies of all correspondence and communications used to comply with the preceding provision; and Within 20 days of receipt of the Notice the charter operator shall provide the Board with the names and mailing addresses of parents/guardians of all students registered with the school.

a. Kin Dah Lichii Olta

MOTION

Peter Bezanson made the following motion: Because the charter holder does not have a history of late audit submissions and work on the audit is progressing, Board staff is directed to bring the

matter back to the Board at its February 2012 meeting for further consideration should the school not have submitted its fiscal year 2011 audit. Additionally, since charter schools were created to provide a learning environment where pupil achievement would improve and because the information available does not support that pupil achievement is improving at the school as measured with the Board's level of adequate academic performance, I move to find Kin Dah Lichii Olta is in noncompliance with state law and its charter contract for its failure to provide a learning environment that will improve pupil achievement in accordance with A.R.S. §15-181(A) and to add to the basis of the current 10% withholding of the school's monthly State aid apportionment until compliance is demonstrated through the submission of a performance management plan.
